Dear Parents and Guardians,

The Biology classes will be covering topics in family life education during the second semester of the school year. Topics included are the anatomy and physiology of the human reproductive system, and sexually transmitted diseases. You may request that your child be excused from this instruction should you desire. Please submit your request in writing directly to the administrator for your son/daughter who is assigned by your child’s last name.

A-D  Mr. Nixon   E-K  Mr. Burstein   L-Q  Ms. Lee   R-Z  Ms. Redd

Materials used in the curriculum are available for inspection and preview at the District Instructional Media Center, Willow Creek Center, 1026 Mohr Lane, in Concord. The display will begin October 6, 2013 and end October 10, 2014. The hours for preview are 8:00 am until 4:30 pm and 6:00 pm until 8 pm.

There will be a second viewing scheduled for January 26, 2014 through January 30, 2015, the same hours as listed above.

Any questions about the curriculum or viewing of materials may be directed to the Student Achievement and School Support Department, 682-8000 ext. 4034.

Sincerely,

Peter Bodrog                                       Michael Burstein
Science Department Chair                              Vice Principal
