PARENTS:
Mt. Diablo Unified School District is pleased to offer this online Driver’s Education class to eligible students. This is a DMV approved 30 hour course. There is no cost to the students for this class; however, all students who register for this course are expected to complete ALL coursework. If they complete this course they will receive a Passing grade and 2.5 elective credits on their transcript. **It is the student’s responsibility to take their Certificate of Completion to their school registrar.** If they fail to complete the course, they will receive a Failing grade on their transcript.

Education and Vehicle Codes make distinctions between Driver Education and Driver Training. Driver Education refers to the 30 or more hours of classroom instruction a student must complete with a qualified instructor (EC Section 51851). Driver Training refers to the minimum of 6 hours of behind-the-wheel training a student must complete with a qualified instructor in an approved vehicle (Vehicle Code 12814,6). Individuals cannot take the Driver Training until they have completed the Driver Education portion.

**PLEASE NOTE:** Upon successful completion of this course, please allow 5-7 business days to receive your certificate in the mail. It is the parent’s/student’s responsibility to go to the DMV for their permit test. It is also the parent’s responsibility to register their child for the Behind-the-Wheel training required to obtain their driver’s license.
